**EVALUATION TOOLS**

**PROFILING & IDENTITY**

If you already have a [Scopus Author Identifier](#), you will be able to export your information and publications into the [ORCID](#).

To export an existing author's information from Scopus into the [ORCID](#), find author details page in Scopus database and click 'Add to ORCID':

Log in to your ORCID record.

If you don't have an ORCID ID, register by filling out the requested information and click 'Register':

*Note:* you will need to validate your email address.
To allow Scopus to connect your ORCID Record click 'Authorize':

This application will not be able to see your ORCID password, or other private info in your ORCID Record. Privacy Policy.

To import your information into ORCID, go through next six steps:

- select your Scopus profile (from a list of potential profile name matches);
- select your preferred profile name;
- review the list of publications associated with the profile you selected;
- review the edited profile if all details are corrected;
- to send your Scopus ID to ORCID, confirm your email address and click 'Send Author ID';
- to send your list, click 'send my publication list'

![Select your Scopus profiles](image)
To finish the process of importing your Scopus information to ORCID, click ‘Authorize’:

To view your ORCID record, click ‘Return to ORCID’:

Additional information on the Scopus integration with ORCID can be found here and here.

Import records to ORCID by using ResearcherID
