You will be automatically assigned a Scopus Author ID, when you publish in a journal indexed by Scopus.

The Author Details page shows you the Author ID and other information about the Author.

Authors can verify and correct their Scopus profiles to improve accuracy.

To correct Author details, go to Scopus database.

Type last name, initials and affiliation (e.g. Technion) of the author in the 'author search' tab and click 'Search'.

Check the results list. If there are multiple listings for your name, tick the box next to all author listings that are yours. Then click on ‘Request to Merge Authors’.
Check the details of the authors you have selected to merge and click ‘Start’:

Request author detail corrections
You have requested to correct details for the following author:

**Lavie, Peretz**
- **Author ID**: 7102847613
- **Documents**: 345
